**Re: Advice Letter No. 37 of SFPP, L.P. (PLC-9)**

Dear ED Tariff Unit:

SFPP, L.P. (“SFPP”) hereby submits its Advice Letter No. 34 in compliance with General Order 96-B, along with the following revisions to its tariff:

Tariff Cal PUC 133 (canceling Cal PUC 127 revises Item 100 of SFPP’s tariff terms and conditions in order to reflect that shippers will be subject to its revised Tendering and Scheduling Policy as of February 1, 2018, the effective date of this tariff filing.

SFPP makes this filing to revise Item 100 (Tender of Petroleum) of SFPP’s Rules and Regulations, Cal PUC 133, in order to reflect that shippers will be subject to its revised Tendering and Scheduling Policy as of February 1, 2018, the effective date of this tariff filing.

SFPP has received overwhelming shipper support for its new web based nomination system, but for those shippers who would prefer to continue providing their nominations manually; SFPP has provided a solution to accommodate their business processes. SFPP’s has revised its Tendering and Scheduling Policy establishing for customers who elect not to utilize its electronic nomination interface and instead provide nominations manually will be accessed a manual data handling fee of \$10 per batch and/or renewable fuel truck nominated, plus an additional \$10 fee for each subsequent change after nominations are accepted, subject to a minimum fee of \$1500 per month.

Additionally, Note ① on page 10 of Cal PUC 133 provides instructions on how to locate SFPP policies referenced in this tariff, including the revised Proration Policy, on its website ([www.kindermorgan.com](http://www.kindermorgan.com)).

The proposed revision will not result in any change in existing SFPP rates. Given that the requested tariff change is consistent with existing Commission authorization, SFPP is submitting AL 37 as a Tier 2 filing, requesting that AL 37 become effective February 1, 2018, subject to staff approval.

The required documents are included as follows:

- Attachment A - Tariff Cal PUC 133;
- Attachment B - Advice Letter Summary Sheet;
- Attachment C - SFPP shippers of record (to receive a copy of this filing).

Anyone may protest this advice letter to the California Public Utilities Commission.
