Dear Mr. Charlebois:

**Re: Kinder Morgan Utopia Ltd.  
Tariff Filing – CER Tariff Nos. 9 and 10**

In accordance with section 229(1)(a) of the *Canadian Energy Regulator Act*, Kinder Morgan Utopia Ltd. (“KM Utopia”) submits for filing to the Canada Energy Regulator (“CER”) clean and blackline copies of CER Tariff Nos. 9 and 10, to become effective 1 July 2020.

KM Utopia submits CER No. 9 in order to increase its rate for transportation of purity ethane from the International Boundary to a point in the Province of Ontario, by 2.5 percent, in accordance with Item 8.c. of its Rules and Regulations Tariff, NEB No. 1.

KM Utopia submits CER No. 10, an International Joint Volume Incentive Rate Tariff filed on behalf of Kinder Morgan Utopia Ltd. (Canada) and Kinder Morgan Utopia LLC (U.S.) that sets out the rates applying to the international movements of purity ethane. KM Utopia has applied its annual adjustment to the joint volume incentive rates according to the Transportation Services Agreement with its shipper. CER No. 10 also contains specific rules and regulations that apply in addition to the rules and regulations in NEB No. 1, which are located in Item 35 of this Tariff.

KM Utopia is unaware of any shipper intent to protest the new rates.

A copy of this letter and subject Tariffs are being served on all Utopia Pipeline shippers and interested parties.

Please do not hesitate to contact the undersigned at (713) 420-3214 should you have any questions regarding this filing.

Yours truly,

Laura Lofton
