**Re: Kinder Morgan Pipeline Products Specification Manual  
Revision 91**

Dear Customer:

Please note the more significant changes to the Pacific Region Pipeline Products Specification Manual since its previous edition of November 28, 2023:

- Updated Cycle by Cycle product code requirements through December 2025 in sections 2.1, 2.2, and 2.3
- Changed the minimum 50 % evaporated distillation temperature (T-50) to be 62.8 °C (145.0 °F) for conventional Product codes H8, P8, H5, P5 HA & PA.
- Updated Customer Service personnel in section 7.5

For your convenience, the Product Specification Manual is published in PDF format to facilitate downloading and printing.

If you have questions regarding this manual or any other fuel specification issue, feel free to call me at (713) 420-2834. Written correspondence may be directed to my e-mail address [Melving@kindermorgan.com](mailto:Melving@kindermorgan.com).

Sincerely,

*Greg J. Melvin*
