

Ms. Debbie-Anne Reese, Acting Secretary
Federal Energy Regulatory Commission
888 First Street, NE
Washington, DC 20426

Dear Acting Secretary Reese:

In accordance with the requirements of the Interstate Commerce Act (ICA) and the Rules and Regulations of the Federal Energy Regulatory Commission ("FERC" or "Commission"), Cypress Interstate Pipeline LLC ("Cypress") submits for filing the following tariff ("Volume Incentive Tariff"), effective October 1, 2024:

- FERC Tariff No. 9.17.0, Volume Incentive Tariff applying on purity ethane and commercial ethane transportation (cancels FERC Tariff No. 9.16.0)

I. Explanation of Tariff Filing

Cypress is filing the Volume Incentive Tariff in compliance with 18 C.F.R. § 342.3 (2024) ("Indexing") and the FERC's Order Reinstating Index Level¹ to increase certain of the rates for services outlined in the Volume Incentive Tariff, with such increases to become effective October 1, 2024. Pursuant to 18 C.F.R. § 342.3, Cypress is enclosing herewith an Index Summary that outlines, with respect to the rates in the Volume Incentive Tariff, the following information: (1) the current rates, (2) the index ceiling levels that are now effective pursuant to the Order Reinstating Index Level,² and (3) the rates that will become effective on October 1, 2024.

I. Request for Special Permission to File on Short Notice

In accordance with the Order Reinstating Index Level,³ Cypress requests special permission to issue the Volume Incentive Tariff on less than 30 days' notice under authority of 18 C.F.R. § 341.14 and § 341.2, so that the adjusted rates reflected therein go into effect on October 1, 2024. Cypress submits that good cause exists for granting this request, since the Commission expressly indicated in the Order Reinstating Index Level that oil pipelines may request special permission to have their proposed rate increases made in accordance with such order become effective on less than 30 days' notice. Cypress acknowledges that this tariff publication is conditionally accepted subject to refund pending a 30-day review period.

I hereby certify that copies of this filing have been sent, on or before this date, by means of transmission agreed upon, to all subscribers on the Cypress subscriber list.

¹ *Five-Year Review of the Oil Pipeline Index*, 188 FERC ¶ 61,173 (2024) ("Order Reinstating Index Level").

² In accordance with the Order Reinstating Index Level, Cypress has calculated the index ceiling levels that are now effective based on application of the revised index multipliers set forth in the table included in Paragraph 1 of the Order Reinstating Index Level for each period. The August 1, 2021 ceiling level was established in Docket No. IS21-687-000.

³ Order Reinstating Index Level at P 2.
