Dear Ms. Sladic:

**Re: Kinder Morgan Utopia Ltd.
Tariff Filing – CER Tariff No. 30**

In accordance with section 229(1)(a) of the *Canadian Energy Regulator Act*, Kinder Morgan Utopia Ltd. (“KM Utopia”) submits for filing to the Canada Energy Regulator (“CER”) clean and blackline copies of CER Tariff No. 30, to become effective 1 September 2025.

KM Utopia submits the following tariff:

CER No. 30 (cancels CER No. 29) in order to adjust a Volume Incentive Rate for the transportation of purity ethane from an Origin Point in the State of Ohio to a Delivery Point in the Province of Ontario (“Tariff”).

KM Utopia recently discovered an error in its calculation of rates that occurred in its October 1, 2024 tariff filings. A correction to the rates, on a prospective basis, is being filed by Utopia in CER No. 30, to be effective September 1, 2025. Included in this filing is a table showing the Tariff Schedule Changes, which includes the corrected rates schedule to be changed, the proposed new rate, the prior rate, and the applicable ceiling level.

KM Utopia is unaware of any shipper intent to protest the new rates.

A copy of this letter and subject Tariff are being served on all KM Utopia shippers and interested parties.

Please do not hesitate to contact Andrew Weber, Director – NGL Business Development at (713) 420-6468 or the undersigned should you have any questions regarding this filing.

Yours truly,

/s/ Tina Hardy
