REVISED NOTIFICATION

Re: Advice Letter No. 51-O of SFPP, L.P. (PLC-9)

SFPP previously noted that on January 30, 2024 SFPP, L.P. ("SFPP") submitted its Advice Letter No. 51-0 increasing by ten percent its rates for the transportation of refined petroleum products on its intrastate pipeline system to be effective March 1, 2024.

SFPP has received further guidance regarding the CPUC's suspension notice dated February 29, 2024. The CPUC's Energy Division advised SFPP that the revised rates in Advice Letter 51-O could be billed effective March 1, 2024, subject to refund and would ultimately be decided with the general application filed in 24-01-020. The rates contained in CPUC Tariff Nos. 151 and 152 are effective March 1, 2024.

Questions regarding this notice should be directed to the undersigned.

Sincerely,
