

Oil Pipeline Filing
SFPP, L.P.
September 18, 2024

Ms. Debbie-Anne Reese, Acting Secretary
Federal Energy Regulatory Commission
888 First Street NE
Washington DC 20426

Dear Acting Secretary Reese:

In accordance with the requirements of the Interstate Commerce Act (“ICA”) and the Rules and Regulations of the Federal Energy Regulatory Commission (“FERC” or “Commission”), SFPP, L.P. (“SFPP”) submits for filing the following tariffs (“Index Tariffs”) to be effective September 18, 2024, which is on less than one day’s notice:

- FERC Tariff No. 194.25.0, Rules, and Regulations (cancels FERC No. 194.23.0),
- FERC Tariff No. 195.19.0, local tariff covering interstate transportation from Sepulveda Junction to Watson, California (cancels FERC Tariff No. 195.17.0),
- FERC Tariff No. 196.30.0, local tariff covering interstate transportation from Watson and East Hynes, California to Calnev Pipe Line, LLC (cancels FERC Tariff No. 196.28.0),
- FERC Tariff No. 197.25.0 local tariff covering interstate transportation from El Paso and Diamond Junction, Texas, to Lordsburg, New Mexico, and Tucson and Phoenix, Arizona (cancels Tariff No. 197.23.0),
- FERC Tariff No. 198.30.0, local tariff covering West Line interstate transportation (cancels FERC Tariff No. 198.28.0),
- FERC Tariff No. 199.19.0, local tariff covering interstate transportation from Richmond and Concord, California, to Reno, Nevada (cancels FERC Tariff No. 199.17.0),
- FERC Tariff No. 200.23.0, local tariff covering Oregon Line interstate transportation (cancels FERC Tariff No. 200.21.0), and
- FERC Tariff No. 202.9.0, committed rate tariff covering interstate transportation from El Paso and Diamond Junction, Texas, to the Annex Terminal, Tucson, Arizona (cancels FERC Tariff No. 202.7.0)

SFPP notes that it is revising the committed rate set forth in FERC Tariff No. 202.9.0 in accordance with the provisions of the underlying transportation services agreement.

I. Explanation of Tariff Filing

SFPP is filing the Index Tariffs in compliance with 18 C.F.R. § 342.3 (Indexing) and the FERC’s Order Reinstating Index Level¹ to increase certain of the rates and fees for services outlined in the Index Tariffs, with such increase to become effective September 18, 2024. Pursuant to 18 C.F.R. § 342.3, SFPP is enclosing herewith an Index Summary that outlines, with respect to the rates and fees in the Index Tariffs, the following information: (1) the current rates and fees, (2) the index ceiling levels that are now effective pursuant to the Order Reinstating Index Level,² and (3) the rates and fees that will become effective on September 18, 2024.

¹ *Five-Year Review of the Oil Pipeline Index*, 188 FERC ¶ 61,173 (2024) (“Order Reinstating Index Level”).

² In accordance with the Order Reinstating Index Level, SFPP has calculated the index ceiling levels that are now effective based on application of the revised index multipliers set forth in the table included in Paragraph 1 of the Order Reinstating Index Level for each period. The calculation of these index ceiling levels is also reflected in the

II. Request for Special Permission to File on Short Notice

In accordance with the Order Reinstating Index Level,³ SFPP requests special permission to issue the Index Tariffs on less than one day's notice under authority of 18 C.F.R. § 341.14 and § 341.2, so that the adjusted rates reflected therein go into effect on September 18, 2024. SFPP submits that good cause exists for granting this request. First, the Commission expressly indicated in the Order Reinstating Index Level that oil pipelines may request special permission to have their proposed rate increases made in accordance with such order become effective on less than 30 days' notice. Second, all shippers have been on more than 30 days' notice that the increased rates would go into effect upon the Court of Appeals for the District of Columbia Circuit's issuance of the mandate on *LEPA v. FERC*⁴ (which was issued on September 17, 2024) and the FERC's issuance of the Order Reinstating Index Level. SFPP acknowledges that this tariff publication is conditionally accepted subject to refund pending a thirty-day review period.

Other than the changes described above, SFPP is not making any other proposed changes to the Index Tariffs.

SFPP is also revising the Index Tariffs so that they reference the version of the governing rules and regulations tariff, FERC Tariff No. 194.25.0, that will become effective on September 18, 2024.

I hereby certify that copies of this filing have been sent, on or before this date, by means of transmission agreed upon, to all subscribers on the SFPP subscriber list.

In accordance with 18 C.F.R. § 343.3(a), SFPP hereby requests that any protest of the attached tariff be emailed to SFPP in care of the undersigned at Tariff_Group@kindermorgan.com.

If you have any questions regarding this tariff filing, please contact me at (713) 420-4687.

Sincerely,

Bruce Reed
Director-Regulatory and Tariffs

information filing that SFPP submitted in Docket No. IS24-478-000 on August 9, 2024. The June 30, 2021 starting ceiling level was established in Docket No IS21-432-000.
