Dear Ms. Martin

In accordance with the requirements of the Railroad Commission of Texas, Kinder Morgan Wink Pipeline LLC (KMWP) submits for filing the following tariff, effective July 1, 2024:

- Tariff No. 34, rules and regulations tariff applying on intrastate gathering and transportation of crude petroleum (cancels RCT No. 18).
- Tariff No. 35, Local Rate Tariff applying on the intrastate gathering and transportation of crude petroleum (cancels Tariff No. 33).

KMWP submits Tariff No. 34 to temporarily revise its gravity deduction applied to crude petroleum received at Mason Junction that falls within the range of 45 through 49.9 degrees of A.P.I. Gravity. This temporary change shall apply from July 1, 2024 through June 30, 2025. This revision will offer additional flexibility to its shippers for crude petroleum received at its origin point of Mason Junction, Reeves County. Also, one change by canceling Item 40.3 and fittingly moving it to become part of Item 40.2

KMWP has a single committed shipper. All committed shipper rates in the above proposed tariff are increased from the prior tariff, in accordance with the terms of the committed shipper's transportation services agreement. Therefore, Tariff No. 35 is being filed in order to increase all rates in this tariff, as shown in Items 300-330.

A copy of this filing has been sent to all subscribers on the KMWP subscriber list.
